

**Q: What does the Atlanta Board of Education and President Trump's Secretary of Education have in common?**

**A: Taking public funds from public schools and giving them to private nonprofit and for-profit charter management companies!**

## **TIME for ACTION**

**CALLING ALL CITIZENS, ORGANIZATIONS & GROUPS WHO ARE TIRED of insulting DOUBLE TALK**

**COME OUT AND STAND IN SOLIDARITY**

### **Stop Privatizing Public Schools**

Stop using taxpayer's dollars to ENRICH private charter management companies, the charter industry and giving away our buildings

### **Charters choose, parents lose**

Stop neo-segregation of our schools by turning them over to private charter management companies. Charters can choose which children and staff stay or leave.

### **[Pay our children's teachers their full \\$3,000 raise](#)**

While the Atlanta Board of Education allocates millions of our tax dollars to private charter management companies and gives the superintendent a half million-dollar package, they undercut teachers and our children's quality of education.
